- Stormwater Management Design
- Site Planning
- Permit approval & coordination

SURVEYING SERVICES:

- Construction Layout
- Record Drawings
- Boundary & Topographic Surveys
- Plats of Subdivision

THE PLAN

SPACECO, Inc. provided engineering and surveying services for Goodwill Retail Stores throughout Illinois. The design consists of 18,500 S.F. retail building with parking and a donation drop off lane.

THE FEATURES

- FEMA Letters of Map Amendment and Revision applications to delineate the appropriate portions of the property within the regulatory floodplain.
- Provided stormwater detention in combination parking lot surface, underground piping and naturalized basin.
- Developed protocol truck dock retaining wall plans.
- Team coordination with Client, Architect, Attorney and General Contractor.
